

Organics, synthesis and cleaning agents

841222 3-Chloroanisole for synthesis

Formula Hill C_7H_7ClO

Chemical formula

Molar mass 142.59 g/mol

Density 1.168 g/cm³ (20 °C)

pH value

Form liquid

Color colourless

Odeur

Melting point

Boiling point 192 - 194 °C

Vapor pressure

Solubility in water insoluble

Explosion limits

Solubility in ethanol

Flash point 73 °C

Solubility in chloroform

Thermal decomposition

Water absorbtion

Heat of evaporation

Saturation conc. (air)

Evaporation number

Dielectric constant

Ignition temperature

Dipole moment

Bulk density

Viscosity dynamical

Refractive index

Viscosity kinematical
